Magazine* list of fastest growing private companies. Resolute was part of the largest business category on the list, IT Services, which included 55 companies. In addition to being recognized by Inc., other organizations have recognized Resolute’s growth and expertise. “If you want to find out which companies are going to change the world, look at the Inc. 500,” said *Inc.* Editor Jane Berentson. “These are the most innovative, dynamic, fast-growth companies in the nation, the ones coming up with solutions to some of our most intractable ills, creating systems that let us conduct business faster and easier, and manufacturing products we soon discover we can’t live without. The Inc. 500 list is *Inc.* magazine’s tribute to American business ingenuity and ambition.”

“We are seeing tremendous amount of growth in markets that need collaboration and communications, custom application development and learning services,” confirmed John Fallou, Resolute chief executive officer. Fallou continued, “Fortune 1000-to-mid market enterprises are looking for ways to maximize their technology investments and bring disparate knowledge to their workers and customers. We are aggressively positioning Resolute as the “go to” vendor for distilling data into knowledge to help make workers more productive and their customers happier.”
